Customer Reviews

This textbook is wonderfully written and a good addition to the previous text by Dr. Donald Lighter. I find this text perfect for someone new to the world of health care quality. His more advanced text would be perfect to read after this book. I would like to see Dr. Lighter come out with a workbook with answers to complement his three textbooks. Dr. Lighter is one of our frontline leaders in the health care quality movement.

Fast shipping nice price good product.

Brilliant book so well explained!

Great product.

This is a good read. Will help any organization improve their performance. I would recommend this book to others to read.
