Customer Reviews

Bought this to try to accompany some friends who are studying the cello with the method, and it was easily found, ordered, and came in perfect shape. It was their teacher who brought it to their attention, when asked for pieces to play with piano accompaniment. Off to practice.

Musical accompaniments that are able to be played on the piano or the cello.

Great duet book with intermediate violin parts and easy cello parts. Some of the songs can be learned in 30 minutes or so.

Book was as advertised, and fast delivery
