Bill Zanker started The Learning Annex with \$5,000 and grew it into a \$5 million a year company. That was before he met Donald Trump. Thirty months later, after Zanker learned to think BIG himself, The Learning Annex is generating over \$100 million a year in salesâ "and still growing. Together, they're living examples of how thinking BIG and knowing when to back up your opinions aggressivelyâ "regardless of what your critics or opponents might sayâ "can help you maximize your personal and professional achievements. ## Customer Reviews

Donald Trump has one of the most recognizable names in business. He has a successful track record in the real estate and development business segments and in this book, Trump seems anxious to offer his advice and some general ideas that he feels will lead to great success. Many of the ideas presented in this book are obvious and many other people have stated the same things. Staying positive, maintaining focus, keeping a step ahead of the competition, aiming for the top, etc., are all pretty common pieces of advice that most business people and self-help/motivational authors would agree are important ingredients to success. Trump has his own unique way of saying things, but the basics of most of this advice are pretty clear, and pretty ordinary. When the book gets interesting is when Trump offers some more unique words of wisdom. This takes place in the chapters that cover fear and distrust, seeking revenge, and demanding a prenuptial agreement. The chapter on trust isn't too far out of the ordinary, but it is still a little different and some of what it says took me by surprise. Trump feels that you can never completely trust anyone, and that includes people you have known for a long time. His bottom line when it comes to employees is "Get the Best People, and Don't Trust Them". Trump has witnessed too many backstabbers and too many shenanigans to put his trust in people again. The chapter about seeking revenge is probably the most controversial of all. Here, the book recommends something that many would find reprehensible: Getting even with those who have insulted you or damaged you in any way. When someone does you wrong or in any way proves themselves disloyal, you should fight back directly and with such great force that the person will never mess with you again.
