## **Customer Reviews**

Needless to say, the recorder is an almost universally hated instrument. I really don't know why. Everytime I play it at my high school, instead of soothing the beast, I get socked in the jaw. But you know what? Someone's gotta fight the good fight. And so I shall fight that good fight. After a while I began to exhaust my tunes. There's only so many times one can play Hot Cross Buns, Zombie Nation, and the Morrowind theme song. So you know what I did? That's right. I bought this book. And you know what happened next? That's right. I played the songs in this book. Needless to say, the ladies began to flock to me when I played these songs. My mastery of Eleanor Rigby ensured that I would not be looked at as a lonely people. So yes, you could say that I "enjoyed" this book. But that's an understatement. When you "enjoy" something, you "have a pleasant time", but believe me when you begin to blast out these tunes with the intensity that I did, "enjoy" is no longer in your dictionary. It's replaced by "super-enjoy" and "radical recorder time". I definitely recommend buying this.

I've taken up playing the recorder (despite fighting the nerdy images it conjures up) and wanted

some popular tunes. This is supposed to be for the alto recorder but the notes on most of the songs are outside the instrument's range (going down to an E or a D, when the lowest note possible is an F).

As advertised, familiar Beatles tunes arranged for a C recorder. I would have given it 5 stars if it had some arrangements for 2 recorders, but alas, no, just one. Nice fingering chart included too.

Nephew likes it.
