# DOODLE ART HANDBOOK: The Non-Artist's Guide In Creative Drawing

## Synopsis

Welcome to the wonderful world of DOODLE ART. The Doodle Art Handbook is a guide to inspire you and bring out your inner Doodle creativity. With the help of step by step lessons you will be able to create Doodle masterpieces with no experience necessary. The Handbook contains: 25 original tangle patterns with many variations divided into 5 sections from beginner to expert level. Step by step lessons on how to draw, while having little or no experience. Guidance on how to draw animals, flowers, trees and other objects in doodle art style. Many original art works from Doodle Art collaborators. Detailed instructions and advanced techniques for using shading, depth and drawing 3d objects. Doodle art is an excellent source of stress relief and meditation, and can be used by artists of all levels. Please enjoy!

## Customer Reviews

Well, I read this book out of curiosity and because I wanted to learn more about doodling. In general, I would say this is a well written entertaining and helpful finding for those who are interested in art and in "zendoodling" in particular. The book has some strong and weak parts. I tried to make a fair review of them all. Here we go. PROS+ Lessons start right after the introduction. The book has basic patterns, step by step instructions, guidelines and shading. There is no need to get twenty books for the same information. Massive value for the contents. So you don't need a series of other books.+ I

love some illustrations, especially animals like a lion or an owl. They are really cute. One day I will draw a better one lol.+ Good for beginners and intermediate level. I found the simple patterns really easy to reproduce. Step by step guidances are easy to repeat and well described.+ Advanced drawing. Once you are good enough (not my case yet, but still) - expert level patterns, optics illusions and shadowing look pretty neat, which usually many books don't show. Moreover, while reading even beginners can try and actually draw some really outstanding pics.+ It is not just a book about seeing and doodling, it is a book about our MENTAL HEALTH. It tells how to get rid of the stress and relax while you draw something. Authors give a lot of advises how to start your first doodle project , how to express yourself, how to relax and get advantages and satisfaction from drawing.+ I love the MAIN RULE of this book - You can draw anything and in the end it doesn't matter what your drawing looks like-or doesn't look like! What's important is the act of drawing itself.
