Customer Reviews

I bought this book for a kiddo who has been playing for one year. It was supposed to be "Easy Violin." The rhythms are tricky, it uses accidentals (D sharp, C sharp on the G string, and some others). It is definitely NOT easy. It would be great for an 8th-9th grader, or a kid who takes lessons who has a teacher to help. But it would be more accurately described as "Intermediate Violin."It includes Beauty and the Beast, Aladdin, and The Little Mermaid, and the songs are cute, just not easy.

good for some beginners, but has some hard parts,disney tunes for sure can warm anyone's heart,but these arrangements are not melodies,they are orchestral, as other reviews also read.Move onto another disney songbook to playplay this when you join an orchestra some day.

Good book for beginners who know how to read music. Good for teaching accidentals and eighth notes. One song even has a coda. Kids really like it and I think it's a nice book. Some songs are

more difficult than others so be aware. Thank you :)

I haven't played violin in over 15 years. I played for three years in school, but it's been a LONG time and I've missed my hobby. I finally rented a violin and bought this book. It all came back so easily! Granted, it's taken a lot of practice, but I can play most of the songs in the book now after just a few weeks. If you've ever played violin and can still read music, I recommend this book. It'll start you off slowly and get you ready for more challenging pieces.

I enjoyed the selection of songs but some of them did not sound good solo and needed the entire orchestra effect.

Bought for my daughter after her first semester of beginner violin lessons. Easy to play, great practice, and a confidence builder for her.

Bought this book for my sister to go with the violin I got for her for Christmas. LOVE IT! She loves it too! I mean really who could go wrong with Disney favorites! I was happy that it had all the songs that we loved from these Disney classics. Beauty and the Beast is her favorite!

My daughter is 7 and has been playing for about 6 months, she wanted this book for an upcoming recital. At this level, the book was too difficult for her. I would say it's in the intermediate range. I'm sure she will enjoy it after more lessons and some more time with her violin.
