Customer Reviews

Overjoyed to find this high quality collection! Delighted that the IPA is in the book, and pronounced on a CD. Accompaniment CD is included, too. This will be my new go-to introduction to Art Song for high school singers preparing for contest, state and college auditions, recitals--great news!

This is a fantastic art song anthology, with lots of educational tools for students. IPA instructions as well as spoken languages on the CD, good translations of the foreign language songs, and a realistic sampling of well-known art songs. Love it!

As a voice teacher, I highly recommend this anthology. Great background and notes, a wide variety of song styles in several languages, and excellent recorded diction lessons and accompaniment tracks for the student to practice with. It's also a superb value for the young singer. Fantastic

addition to any singer or teacher's vocal library.

The audio accompaniment was really why I bought this. It is great on the computer but I needed to save it in another key for my son's performance and it does not allow you to do that.

Good book for new and seasoned singers alike. Good selection and nice arrangements, it's a favorite in my music library.
