# True Believer

## Synopsis

From #1 New York Times bestselling author Nicholas Sparks comes an unforgettable love story that explores the deepest mysteries of all-those of the heart. As a science journalist with a regular column in Scientific American, Jeremy Marsh specializes in debunking the supernatural. A born skeptic, he travels to the small town of Boone Creek, North Carolina determined to find the real cause behind the ghostly apparitions that appear in the town cemetery. What he doesn't plan on, however, is meeting and falling hopelessly in love with Lexie Darnell, granddaughter of the town psychic. Now, if the young lovers are to have any kind of future at all, Jeremy must make a difficult choice: return to the life he knows, or do something he's never done before-take a giant leap of faith. But his choice is only the beginning, for their story takes the most unlikely twist of all, one that will finally make Jeremy a TRUE BELIEVER. --This text refers to an out of print or unavailable edition of this title.

Best Sellers Rank: #18 in Books > Audible Audiobooks > Fiction & Literature > Short Stories  
#18 in Books > Audible Audiobooks > Fiction & Literature > Religious Fiction #585 in Books > Audible Audiobooks > Romance

## Customer Reviews

I became a fan of Nicholas Sparks about three years ago, when I read *A Walk to Remember* a few months before the movie debuted. I cried for a week. *The Notebook* reduced me to a sobbing wreck as well. So when I sat down to read his newest novel, *True Believer*, I made sure I was well-stocked with plenty of Kleenex. I was surprised to find I didn't need them. The story is typical of Sparks' tried-and-true style of star-crossed lovers: Jeremy Marsh is a hotshot New York journalist whose life revolves around his career. His current stories involve researching (and debunking) the

supernatural-when we first meet Jeremy, he's working on uncovering the sly tricks of Timothy Clausen, a John Edward-type "spirit guide." His next big story brings him to Boone Creek, North Carolina, to investigate a legend of ghostly lights in the town's cemetery. The small town of Boone Creek is pretty much the polar opposite of New York City, and Jeremy plans to get the heck out of there as soon as his research is complete. Of course, things aren't always as easy as all that. While researching, Jeremy ends up meeting a young girl named Lexie, who runs the town library. Over the course of the week or so that Jeremy is in Boone Creek, they become friends and Jeremy quickly falls head over heels in love with her. Of course, their relationship is ultimately doomed-their homes and lifestyles are completely different, and Lexie doesn't want to give up her small, quiet life in Boone Creek any more than Jeremy wants to give up his career and fast-paced life in New York. It would take a miracle for their relationship to work-the type of miracle Jeremy doesn't believe in. I generally like Nicholas Sparks' work, and I generally liked this book.
