# Red: My Uncensored Life In Rock

## Synopsis

Loud rock, fast cars, and Cabo. This is the life of Sammy Hagar. For almost 40 years, Sammy Hagar has been a fixture in rock music. From breaking into the industry with the band Montrose to his multiplatinum solo career to his ride as the front man of Van Halen, Sammy's powerful and unforgettable voice has set the tone for some of the greatest rock anthems ever written - songs like "I Can't Drive 55", "Right Now", and "Why Can't This Be Love". In *Red*, Sammy tells the outrageous story of his tear through rock 'n' roll, detailing the backstage antics and nonstop touring that have made his voice instantly recognizable. Beginning with his musical coming-of-age in the blue-collar towns of California, Sammy traces his rough and determined rise to fame, working harder than anyone else out there and writing songs about the things he loved: fast cars, loud parties, and lots of good times. But solo success was just the start, a prelude to his raucous and notorious decade as the front man for Van Halen, one of the biggest-selling rock groups in history. Filled with behind-the-scenes stories from his time with the band, *Red* offers the Van Halen story as Sammy saw it, holding nothing back about the worldwide stadium tours, the tensions with Eddie, the messy parties, the divided friendships, and, of course, his controversial and widely disputed exit from the band. After Van Halen, Sammy changed directions again, throwing himself headfirst into the tequila business and creating Cabo Wabo, one of the most successful tequila brands in the world. And all the while he continued to rock, touring the country with his bands the Waboritas and Chickenfoot, and eventually reuniting with Van Halen for a tour that became both a box-office smash and a personal catastrophe.

## Book Information

Audible Audio Edition

Listening Length: 7 hours and 30 minutes

Program Type: Audiobook

Version: Unabridged

Publisher: HarperAudio

Audible.com Release Date: March 15, 2011

Whispersync for Voice: Ready

Language: English

ASIN: B004S4WYGW

Best Sellers Rank: #80 in Books > Audible Audiobooks > Arts & Entertainment > Music #143

in Books > Audible Audiobooks > Biographies & Memoirs > Artists, Writers & Musicians #309

## Customer Reviews

Most rock star autobiographies are pretty much the same. Guy grows up in a dysfunctional house in bad neighborhood (The father in this story was the town drunk and the city is Fontana, CA, known to some as Felony Flats), guys falls in love, gets married, has a kid all the while struggling to keep a career as a musician going. Guy has limited success for awhile. There are ups. There are downs. Finally guy hits it big. Joins an existing successful rock band and makes it even bigger. Now either the author or someone close to the author has substance abuse problems which threaten the success of the band that has made it. Okay, so in this case Sammy Hagar does have a remarkable story to tell: He was the guy who was crazy enough, in a controversial move, to replace David Lee Roth as the lead singer in Van Halen back in the mid-80's, and at the same time turn his back on a highly successful solo career. As a sophomore in high school, I remember the release of "5150" with nervous anticipation. I wanted to project to work, but the newly released single, "Why Can't This Be Love" wasn't my cup of tea. Needless to say, even if the album wasn't perfect, the record was pretty good. What makes Hagar's book so intriguing is his story telling style. He's very honest and matter-of-factly. There are several amusing anecdotes throughout the book but sadly the book does deal with the drinking problems of band mate Eddie Van Halen and the fall out that took place ten years into Hagar's tenure as Van Halen singer. Die hard fans of Van Halen will probably be familiar with a lot of the drama written about here, but it's presented tastefully, not in a "I'm good, they're bad" kind of style.

SPOILER ALERT! I cover some of the book's high- and low-lights in the following review. It's true that this book seems remarkably candid, so much so that I think some passages reveal more than Sammy may have ever intended. Particularly his attitude toward his first wife, Betsy. My jaw hit the floor when, after her mental breakdown during the recording of "For Unlawful Carnal Knowledge" and his taking a year off to care for her, he basically came out and said he felt like he'd finally done enough to justify leaving her. As his fame grew, he'd first subscribed to the Bill Clinton definition of cheating while on the road, but eventually succumbed to full-frontal temptation. All the while claiming sex with his wife was still great. I know, we expect this kind of behavior from rock stars, but the first Mrs. Hagar married the guy before he was famous and probably didn't know what she was walking into. His characterization of her as mentally unstable and "weak" also shocked me. Meanwhile, his current wife is carrying on w/ him knowing full well he's married to No.

1.Describing the birth of his first child with wife No. 2 as more meaningful than that of a child with his first wife also was a stunning admission. I give him points for candor, but he sure comes off as something of a dirtbag. (I also wonder how friend and foreword-writer Michael Anthony feels about being called a "loyal dog.")Finally, unrelated to personal ethics, his descriptions of EVH as, at best, a drunk and, at worst, completely certifiable, made me wonder how the heck the band was ever able to craft some of those classic songs. If Eddie can barely stand, how is he able to even understand verse/chorus/bridge structure?
