It's the BIBLE for Online Marketers! This is available in both eBook and Hard Copy versions - I read the (6-Phase / 12-Chapter / 245-page) eBook. ECONOMIC CRISIS - with our (global) economy in grave condition as I write this - and with JOB losses soaring - more and more people are searching for alternative ways to generate more reliable income sources. Add to this, the power of the INTERNET, and a potential solution emerges. HOME BUSINESS - As a Financial Advisor, Business Consultant and Home Biz Coach - I see employees, professionals and small business owners everywhere liking the idea of running an Online business from home - IF they can get the 'right' education plus the necessary marketing skills. And thus, the world of Internet Marketing tied to running a profitable Online Home Biz -- enter this new book - - MASTERING NICHE MARKETING - this gives enormous value to the reader - both beginner and experienced. It's release is also perfect

timing, given the economy. This book truly under-promises and over-delivers. It takes you step-by-step through the whole process of developing a marketing niche. It's the most detailed, comprehensive and exceptional guide to creating and marketing a product Online that I've ever seen or read - bar none. The author removes all the guesswork. In my opinion, this book gives the reader (the potential Online business entrepreneur) a wonderful "foundation" for pursuing a successful Online business from home. There are far too many "failures" in this industry - because of not being able to 'find' the right niche - or because of the lack of (or poor) training -- this book can change all that as I see it. ERIC VAN DER HOPE - its author, has high credentials behind him.
