Customer Reviews

We bought this puzzle book as a complement to another one in the series, written by another author. The problem with the book is its inconsistency. While some clues are easy, others are impossible. The problem is that we need these puzzles for our elderly mother who amazes us daily with her ability to do easy crossword puzzles. She cannot remember what she had for lunch, but she can do the puzzles in the first book (which she has done several times) and all of the Kappa puzzle books faster than we can. She does not know how she comes up with all the answers, but she wows us daily. We tried the first puzzle of this book with her and it was a disaster. We took it home and tried some of the puzzles ourselves. No go. The book will go into the lounge of the

nursing home where she lives and maybe someone else can do these inconsistent puzzles. The large print is fine. The assertion that they are "easy to solve" is not correct.

The early editions of Charles Timmerman's "EASY" puzzles are rediculously hard. Even my husband, who does the puzzles in all of the newspapers couldn't do all of any one puzzle. The later editions.....from V, VI, etc are doable and lots of fun. I guess mr. Timmerman realized that "easy" doesn't mean "The Capital of Scandinavia", or "Who made the TRS-80 computer " or "Patriotic organization since 1890". These questions are NOT for beginners!!!!

This crossword book might just be what many people want, but it does not suit my interest. It is loaded with popular culture clues which are not "my thing." A few are okay since I can usually guess answers by getting others answers. I think these book should be labeled a popular cultural crossword.

I got Volume 1 and LOVED it! Easy puzzles with a few stumbles. Volume II is much harder!! I can't finish one of these puzzles by myself yet! Don't give up- these books teach you how to think like a pro puzzler.

The puzzles are reasonably easy, and the large print for the clues, and the large boxes for the answers make them a convenient lap activity.

I bought this for my mom and she keeps her mind hopping with these puzzles day and night, she does several a day.

Great puzzles. Very easy to see. Very enjoyable and lots of fun.

I bought this after my Mother in-law called and said she had to have another one of these fun crossword puzzle books! This second copy was at her doorstep in less than a week.
