Gravity: Mageri Series, Book 4

Synopsis

When a choice is made, it will forever alter the course of our destiny. It cannot be undone, for fate is a river changing direction and carving away the bed of our hearts like everlasting fractures. A turbulent past has left Silver a broken woman, but she is learning to trust again through Logan Cross, a Chitah who has convinced her that a dangerous man can change. Their bond will be put to the ultimate test when an old nemesis reappears and flips Silver's world upside down. Will Logan be able to tame the animal within, or will he succumb to his impulsive nature. The ongoing investigation into Breed experiments unveils a shocking secret about Silver's past. Standing at a fork in the road, Silver is forced to make a decision. Each comes with a consequence, and there is no turning back.

Book Information

Audible Audio Edition

Listening Length: 13 hours and 41 minutes

Program Type: Audiobook

Version: Unabridged

Language: English

ASIN: B00LW79SDK

Best Sellers Rank: #92 in Books > Audible Audiobooks > Fantasy > Paranormal #514 in Books > Audible Audiobooks > Romance #713 in Books > Science Fiction & Fantasy > Fantasy > Romantic

Customer Reviews

I was introduced to Dannika Dark's Mageri series only a short time ago, but since then I've devoured each book multiple times and was chomping at the bit for the chance to read Gravity. Fans of the series are going to adore it. There are some serious highs and some devastating lows, but the conclusion left me yearning for more. The book begins with Silver as she gets settled into her life with Justus and contends with Logan's courtship. It was frustrating for me to see her still fighting the inevitability of it. As has happened in previous novels, the action takes off quickly and makes it hard to put the book down. Throughout the narration bounced around to the POVs of several different characters, which I found a bit frustrating since all I really wanted to know was what would happen next with Silver. On my first reading, I sailed through in just over 3 hours and skimmed

several sections with characters I wasn't as interested in. I've never been a huge fan of the Knox/Sunny relationship for no particular reason other than the characters don't resonate with me as much, so I tend to skim pages that involve them on the first read-through. When I re-read it, I'll tread more carefully so I can gain a full appreciation for their storyline. There are also some interesting steps forward for Justus, who was left broken at the close of Impulse (Mageri Series: Book 3). I hope we'll get to see more development of his storyline in the coming novel. We also get to see a good bit of Christian, but not enough Simon for my tastes.
