Customer Reviews

Having only been playing the guitar for a year or so. I bought In session with Carlos Santana thinking it would be something I could aspire to in the next couple of years. Well I was wrong, with the well-structured cd, offering slowed down solos, and excellent backing tracks, I have nearly mastered Moonflower in only a couple of weeks. Don't get me wrong in thinking this is only for beginners, so of the tracks are challenging to say the least! I thoroughly recommend this to anybody. It's the best tab book I've ever bought.....and there have been many!
