I love this book! It contains my favorite Christmas songs and they are easy to play even though I am only a second year piano student. I recommend this book to anyone who wants songs that are easy to play.

beginner's music - shows which fingers to use for each noteuses both hands

This is a pretty good book for a beginner. I am self taught for the past 6 months and I can play most of these songs pretty well. I have had to practice them quite a bit but after about 2 wks I can play

them.

This looks like it will be a well used book during the holidays. I'm so glad to have arrangements I can play at my early level of playing the piano. Thank you for the fast service and great product.

ITs pretty good. however was looking for simple left hand pretty much need notes within the scale, simple until I got more familiar with the left hand. You can use it, but I dont' know if I'd recommend it for a very very beginner. It depends on how well you play.

We babysit for a family and the daughter is learning piano and LOVES Christmas music. She loved the book and was singing all the songs after we gave it to her.

This is exactly what I was looking for. The note is not complicated, just practice a few times u can play the songs without any problem.

My granddaughter likes this book. She can play some of them. She is at a beginning level.
