Uncover Me: Men Of Inked, Book 4

Synopsis

I lost track of my life. Spiraling down the rabbit hole, I lost myself and became one of them. Living undercover within the MC, the days bled together as I became absorbed in a life of excess and violence. Becoming consumed was easy. Was I Thomas Gallo, good guy and respected cop, or Blue, Sergeant-at-Arms of the Sun Devils MC? Before, I could answer with certainty. But now, there's a darkness that has settled deep in my soul, fusing with my heart and altering my reality forever. The road I've traveled has been paved with danger, death, and deception. Roxanne grew up as part of the MC, a victim of her birth. Her life has been treacherous, setting her on a course of torment and destruction. When our worlds collide, secrets are revealed. Trying to save us from damnation, I fight for redemption and the woman I love.

Customer Reviews

My anticipation was through the roof with this one! Chelle Bliss delivered Thomas' story LIKE A BOSS! Uncover Me was chock-full of suspense, badassery, and some of the hottest, most intense sex scenes I've read in a while. This book possessed me, owned me, and made me its ***ch! Just like all of the other hardcore fans of the Men of Inked series, I have been anticipating the conclusion of Thomas Gallo's story for a while now, and I couldn't have been more satisfied with it! It was so ***n good and just what Thomas deserves. With each book in the series, I fall a little bit more in love with this entire family! They are amazing, incredible people, and Chelle Bliss has created something special here, something that will stick with her readers for a very long time. I just wanted to stand up and applaud, fist bump, give someone a damn high-five at the end of the prologue. It set such a

great tone for this story, and I couldn't have been more excited for what was to come. She was his only good in a s*** world of bad. He was her hero in her undesirable and lonely life. Together these two were a force to be reckoned with. Intense and hot chemistry, such a comfortable togetherness, and they both kept each other sane. They could get lost in each other, even if only for a little while, to escape the madness of their lives. Being a fan of this series, I know that Chelle Bliss can write a sex scene like nobody's business, and *Uncover Me* had some of the hottest scenes to date. There was slapping, hair pulling, wall banging, spanking, just all out dominating, and OH SO GOOD loving going on between Roxy and Thomas. Who knew that could turn me on so freakin' much!
