A Better Life For Half The Price: How To Prosper On Less Money In The Cheapest Places To Live

Synopsis

The most comprehensive guide to moving abroad in order to cut your expenses in half, with advice, expatriate interviews, and specific country details for the cheapest places to live. This is the book that reveals how to cut loose instead of cutting back. Instead of sacrificing and eliminating things you love, instead have more money to spend each month. "If you want the absolute lowdown on where in the world you can live your best life on your own terms, then Tim's book is for you. He's carefully researched and broken down the key countries in the world that you can live well in and provided great examples and stories from those who've designed their lifestyle by where they've chosen to live." - Natalie Sisson, podcaster and author of *The Suitcase Entrepreneur* "Practical examples and detailed suggestions make *A Better Life for Half the Price* a must-read for anyone looking for a more cost-effective and independent lifestyle today." - Scott Fox, Author of *Click Millionaires: Work Less, Live More with an Internet Lifestyle Business You Love* "He's the master at finding good value destinations to live in around the world." - Nomadic Matt Kepnes, author of *How to Travel the World on \$50 a Day*

Best Sellers Rank: #77,177 in Books (See Top 100 in Books) #193 in Â Books > Business & Money > Personal Finance > Budgeting & Money Management

Customer Reviews

While there are literally hundreds of books about living abroad for less, this one stands out as the best. I've read about 25 other books on the subject, and none come even close to providing the objectivity that this one does. No doubt, if you've searched the Internet for the best places to live overseas, you've come across the propaganda of the publications from International Living. Even if you somehow avoided their website, virtually every article from other publications and magazines, quotes information from this very misleading source. Unlike International Living, whose primary

purpose is to sell seminars promoting a country, 'A Better Life for Half the Price,' provides totally unbiased information, both good and bad about virtually every place in the world that is worth considering as a place to live. Tim Leffel should be applauded for providing in depth summaries of all of the World's best locations to live, and doing so without an ulterior motive. In addition, he provides an extensive list of additional resources at the end of the book. At first I was upset that this book wasn't available in a Kindle version, however, I now realize that a paperback edition is more useful. I've highlighted page after page with a yellow marker, as well as placed Post-it notes throughout. While highlighting on a Kindle is easy, I find that having a hard copy of this particular book just makes more sense. If you're just starting your search for best places to live on a budget, I highly recommend that you purchase this book. Had I done so prior to wasting my money on all of the other books that I bought, I would have saved hundreds of dollars. Whatever you do, don't be misled by the plethora of information on the Internet from International Living.
