Scholarships, Grants & Prizes 2016 (Peterson's Scholarships, Grants & Prizes)

Synopsis

Scholarships, Grants & Prizes provides up-to-date information on millions of privately funded awards available to college students. It contains detailed profiles of awards based on academic fields and career goals, ethnic heritage, talent, employment experience, military service, and other categories, which are available from private sources such as foundations, corporations, and religious and civic organizations. Hundreds of profiles include information on award amounts, eligibility requirements, application deadlines, contact information, and more. Easy-to-use indexes allow you to search for awards by criteria like academic fields/career goals, sponsoring organizations, employment/volunteer experience, military service, nationality or ethnic heritage, corporate or religious affiliation, talent/interest area, and location of study. Quick-reference chart lists award programs providing over \$2,000 in order of dollar amount. Informative articles offer tips on winning a scholarship with a winning essay, guidance on getting in the minority scholarship mix, ways to use social media to help pay for college, information on scholarship management organizations, and strategies for searching for and finding awards

A great resource even the age where everything is online. You would think that with the internet, you would be able to find all of the same grants and scholarships on your own. I suppose you could. However, it can be an overwhelming task. This book gives you a very clean category listing and points you in the right direction. We found some grants here that searches had not uncovered.

Then, we were able to use those as a starting point for more searches on line. It is not the end-all of grants but another tool you can use during your search.

It has a ton of resources, but it can be overwhelming at times. I wish it were laid out in a slightly different manner to be able to find them easier. Still, it's a good thing to have on hand, and surprisingly beats any website or searches for scholarships, as often the websites have even less information.

Very helpful and exactly what I was looking for

Not very detailed and does not have an easy way such as website code, etc. to apply for a particular scholarship.
