Customer Reviews

This is a no-nonsense guide from a no-nonsense author. Think Sun Tzu's Art of War overlaid across modern corporate board operations. Especially helpful are the pull-out "Straight Talk" highlights. Such as "Straight Talk: Anything you do or say online may be tracked. If your company cannot prevent a hack or insider data breach, you as a director of the company should inform your board peers that it should already be saving toward its legal defense fund."Recommended reading.
