Customer Reviews

Excellent piano book with plenty of good hymns. Perfect for my daughter for her piano lessons since we were having a hard time finding a good hymn book in the music stores. So many of the music stores have gone to the other styles of music. We enjoy this type of music. It has nice arrangements in the book so that she can play some specials in church. It has a lot of old hymns in it, plus a few that we had never heard before. Nice variety! Excellent hymn book for piano lessons or church playing!

Got two copies of this... one for me and one for my sister. We are both learning piano and wanted access to the older hymns, great book and really works for beginners. We started using these books after 6 months of lessons. It really isn't an instruction book but does have a few helpful notes. You will need a level one instruction book to learn to play.

This is a nice book but more elementary than I had expected. I gave it away to our grandchildren as

they are just beginning to play the piano.

Our son is in Sukuki Book 2/3 and loves this book. It is great for learning to play hymns with two-part harmony in the right-hand and various types of chords in the left hand.

I just love playing the keyboard, but don't like hard to play pieces. So its great to go online to find the music you are looking for.

The songs are wonderful compositions and at medium difficulty to play.

Its probably a good book but it was a little to advanced for me. It would be better if you could show a couple of the songs in the book. I will just hold on to it until I advance a little more.

My daughter (age 13) has been using Alfred's books to learn to play the keyboard. This hymn book is one of her favorites. She plays out of it at a nursing home we go and visit.
