Customer Reviews

Exquisite photographs and an exemplary text that covers the history of Sol Lewitt's wall drawings in depth. This will be a classic.

Artist Sol LeWitt's wall drawings are shown in two parts in this book- how they are executed, and the final product. LeWitt's career also includes working for architect I.M. Pei, and coining the term "conceptualism". The book is designed perfectly, and the only drawback is there are no pictures of the artist, or any interviews.

Fine copy at a very fair price!!
